

WEDNESDAY 26 AUGUST 2020: **MORE WATER, BUT OTHER SERVICES CONTINUE TO LAG**

Msunduzi and Emalahleni have improved their water access significantly, while other municipalities have maintained their green lights. However, in many municipalities refuse removal and toilet cleaning remain at crisis levels.

IN YOUR INFORMAL SETTLEMENT OVER THE LAST 7 DAYS...

HOTSPOTS

- Inadequate cleaning and draining of toilets remain a problem in Emalahleni, Emfuleni, Msunduzi and Witzenberg.
- Residents reported no or irregular refuse removal in Emalahleni, Emfuleni and Msunduzi.

GOOD NEWS

- Residents in Witzenberg (Tulbagh) reported that their toilets have been fixed.
- Access to water has improved significantly in Msunduzi although there are still some challenges. One resident remarked: "water is OK but far from us."

Detailed results and comments from residents themselves are available at:
